

Develop hydrogen fuel infrastructure

-2

Costs (1 resource) per turn.

Renewable energy sources produce (+1 energy) per turn.

Stimulate industrial growth

-1

Costs (2 energy) and produces (1 resource & 1 CO2) per turn.

Stimulate industrial growth

-1

Costs (2 energy) and produces (1 resource & 1 CO2) per turn.

Stimulate industrial growth

-1

Costs (2 energy) and produces (1 resource & 1 CO2) per turn.

Use industrial heat waste for households

-2

Captures (1 CO2) per turn.

Stimulate industrial growth

-1

Costs (2 energy) and produces (1 resource & 1 CO2) per turn.

Stimulate industrial growth

-1

Costs (2 energy) and produces (1 resource & 1 CO2) per turn.

Stimulate industrial growth

-1

Costs (2 energy) and produces (1 resource & 1 CO2) per turn.
